Water in the Design Center. Water came over the curb and under our front door when we had heavy rains on August 5. Thanks to all who brought fans and dehumidifiers. A big thanks to Joseph Wilson, PT maintenance, for using a shop vac for many hours to remove water. We are having professionals come in for a visual inspection, and if anything looks suspicious, we will pay for additional testing. We want the Design Center to be a safe and healthy place for our members. Eventually, we will remove carpet and carpet adhesive and seal the concrete floors.

"Paint Out" at the Farmers Market is scheduled for September 30. We will have a table with BAA info and class schedules and lots of artists drawing, painting and taking photos. Come paint and draw with us or just enjoy watching what goes on. In addition to BAA art, there will be great music, baked goods, flowers and locally grown products. It's the perfect Saturday morning activity.
