# Beginning Sculpture Workshop

Learn the basics of sculpture! Feel the joy of creating a piece using your own talent and hands. Experience the satisfaction of accomplishment as you look at your work. For instructor Larry Waid, sculpting is the direct contact he enjoys with the clay and using all of one's creative tools – imagination, mind, eyes and hands – all to watch the clay “come to life.”

A pre-workshop day to build armatures is offered at no cost, (date to be decided). This will provide students more workshop time for completing their sculpture. A drawing or picture of your subject will be needed for this session. Larry Waid will also be our guest speaker at our September ArtNight – see details here.

September 24 to 26, 2019 · Tues, Wed, Thurs, 9 am to 4 pm  
Adults (including high school age) · All levels beginners to advanced  
Cost \$390 for BAA Members / \$400 non-members  
[\$355 members / \$370 non-members + \$35 Materials fee for clay, armature wire, wood base]
